

Face painters will need to have the following products for training and to work:

Most products can be purchased online from [www.Sillyfarm.com](http://www.Sillyfarm.com). They have very competitive prices and a good shipping rate, as well as excellent customer service and fast shipping.

### **PAINT:**

\*\*\*Only FDA compliant professional grade face paints are to be used while working for Goofy Faces. The preferred brands of paints to use are Paradise, Kryolon, TAG, DFX or Wolfe. Paradise is the most economically priced, and is great for wearing for long periods of time. Paints can be purchased in individual pots or in palettes. I recommend ordering one of these options:

- Both the Basic Palette and the Tropical Palette, plus 1 full Black and White
- The Build your own Palette with the following colors:
  - Black
  - White
  - Lagoon Blue
  - Light Blue
  - Dark Pink
  - Light Pink
  - Orange
  - Yellow
  - Lime Green
  - Beach Berry
  - Teal
  - Purple

### **BRUSHES:**

You will need to have an assortment of brushes to paint different designs. FYI - Sillyfarm has excellent prices on brushes, usually the same price, or only slightly higher, for great quality brushes that you'd spend on cheap brushes at the craft store. The Gold Grip are a particular favorite for Face Painting, as well as Majestic and 7000 series brushes.

- 2- #4 round
- 1- #6 round
- 1- #10 flat
- 1- ½" Filbert
- 1- ¼" Filbert

### **SPONGES:**

You will need several High density makeup sponges. At least 4 full round sponges like the ones found here:

### **GLITTER:**

\*\*\* NEVER use craft glitter for face painting! It is very important that any glitter used on or near the face is cosmetic grade polyester glitter, specifically stated for use on the skin. I suggest having at least a poofer bottle of Fairy Dust or Iridescent glitter, like this one: <http://www.sillyfarm.com/store/index.php?p=product&id=2467&parent=497>

Other glitter you might consider getting is glitter gel tubes. GlitterMark is an excellent brand, as well as Liquid Bling. Gold and Silver are the most used colors. <http://www.sillyfarm.com/store/index.php?p=catalog&parent=677&pg=1>
